president

I am very glad to have an opportunity like this one to wish the members of the St. Michael's community well, for myself, and also for the faculty and administration as a whole. To those who graduate this year, in particular, go our best wishes for the future. As you know, the College is in the midst of a testing process of renewal, a process which has involved every constituency from the undergraduates to the alumni. We have every expectation that this will bear fruit in a future marked by new departures as well as a revitalizing of our best traditions of teaching, scholarship, innovation and community. We hope that you will continue to be a part of those developments in the future, and that this book will remind you of good things that have made St. Michael's special for you, as we intend that it shall be to your successors.

James McConica, C.S.B.
President

vice-president

It is certainly a pleasure for me to extend best wishes for success in your future endeavors.

We look forward to the exciting activities and planning for future regeneration of our college and I am sure, that as alumni happy memories of St. Michael's will be with you often.

Renford MacDonald,
Executive Vice-President

principal

To build or not to build, that is no longer a question. What to build and what to do with the money from the Bay Street "endowment" of St. Michael's is still under discussion within our community. One thing however, is certain. The resulting changes at St. Michael's will go towards improving the quality of the undergraduate educational experience. Included will be more academic support for our distinctive college programmes, new appointments in university departments, new facilities enabling commuting students to share more fully in the athletic and social life of St. Michael's

Lest you think that your timing was wrong and that you're being short-changed in leaving before these improvements, reflect on the history of this venerable institution of which you will shortly be alumni members. Many of the facilities and many of the distinctive academic offerings you enjoyed have been added over the years, a good portion of which were contributed by former students for *your* use and enjoyment. Your membership in the Alumni Association will enable you to continue that tradition. Congratulations, on successfully achieving your first university degree.

W.B. Dunphy,
Principal

alumni

Congratulations and best wishes to the members of the 1988 St. Michael's graduating class. You have successfully completed your course of study in Canada's premier university and Catholic college. You have every right to feel pride in your accomplishment. As the years go on we hope your pride in St. Michael's and the University will grow.

We welcome you to the Alumni of St. Michael's and invite you to maintain your links to the College and to keep fresh the friendships formed here by participating in the various Alumni activities. Stay in touch with us; we shall do all we can to keep you in touch with St. Michael's.

Christopher Driscoll 7T6

ORGANIZATIONS

goal
COMMODORE

Fellow St. Mike's students,

It has been both a privilege and a pleasure to serve the students of St. Michael's College as President and Vice-President of our 1987-88 Students' Union. It has been a year of change and challenge at St. Michael's and in keeping with a long tradition of commitment to their college, the students have again been actively involved in meeting these challenges. We applaud the spirit of all St. Mike's students and are grateful for the support they have given us in our work this year.

We wish the class of 1988 happiness and success in the future. We know that the St. Michael's College undergraduate experience is unique and memorable. We hope the future holds as much for you all.

What was promising to be a strong year St. Mike's Men's Ahletics, didn't turn out as such. It was not lack of effort, however, that proved to be the drawback, but perhaps just some bad breaks.

In the fall, the soccer team looked extremely strong, but failed to qualify for the playoffs in Division I by just a single game. A couple of close, frustrating losses proved to be the deciding factor for the team. The tackle football team also ran into some stronger competition this season in the form of Erindale. For the second year in a row, the team lost in the semi-finals. Optimistic as always, coach Lex Byrd looks ahead to next season to be more successful. After displaying awesome power last season, this year's touch football team ran into some tough scheduling and defaulted out of the league early in the season. The lacrosse team at St. Mike's dominated this year and finished in first place with a perfect record. Upon reaching the finals, they met their toughest competition during the regular season and lost to Erindale in two close games.

The winter season at St. Mike's was disappointing but it was not without its bright spots. Both the "A" and "B" hockey teams failed to extend their respective seasons into the playoffs after a frustrating regular season. The "C"- men ended their season after falling to the Chemical Engineering grads six to nothing in the semi-final. They were, however, able to defeat the newest entry into that division, the Italian Club hockey team, in the quarter-finals. The third intermediate team at St. Mike's, the "Masterskaters", lost their playoff game and as such were eliminated.

After losing some top players from last season, this year's "A" basketball team were a tough underdog to repeat as champions. They proved to be very competitive but lost their first playoff match to a much stronger Erindale team. The two most promising St. Mike's teams were the "A" and "C" volleyball teams. The "A" team finished first and were awaiting the championship match at the time this was written. They are indeed favoured to take the championship that eluded them last year. The "C" team , the Sabres, are as far as the semi-finals at this point and are expected to reach the finals and repeat as champions, although last year's championship was unofficial. Many thanks go out to all who participated in any capacity and hopes are high that participation next year will be even greater.

Sincerely,

Steve Walsh,
Men's Athletic Director

Competition within the University of Toronto's intramural program is always intense and sometimes it is easy to become too serious and forget that it is all for fun. St. Mike's has always been recognized on campus as a college that produces well skilled and enthusiastic teams. We are feared and respected on the playing fields and on the courts. This year though, I noticed that every team, while playing to win, combined their skillful ability with comical behaviour and spirit - lots of it. Whether they were winning or losing they still enjoyed themselves and made the best of it.

The Department of Athletics insisted that each team entered had an individual name, so I complied - with a vengeance! Names like 'Kangaroos, Amazons and Giants' gave teams an identity, and an influx of many frenzied and talented frosh propelled them to success.

As usual, St. Mike's made an impressive showing in the fall season. For the third year in a row, the "A" Field Hockey team, the SMC Manoeuvres, were defeated in the championships by one penalty flick. Both Flag Football teams proved their worthiness on the field. The former "B" champions, the SMC Miracles, could not reclaim their title and lost in the playoffs. The "A" team surprised us all. The SMC Marauders, the team I entered by accident, upset the other teams' hopes as they stole the cup from Scarborough in a definite slaughter. Soccer continued in its usual successful way with the "B" team, the SMC Thunder, making it to the playoffs only to be defeated by an overly strong Law team who were in the wrong division! The "A" team, the SMC Champs, remain unbeaten in two years as they easily defended their title. The final fall team was the SMC Mermaids who played a strong and zealous form of Innertube Waterpolo, but unfortunately did not make it to the playoffs despite great coaching and an ardent team.

The fields of King College Circle and Back Campus abandoned, the girls headed indoors for the winter season. Basketball returned in full force with "B" SMC Kangaroos making s strong showing and the return of "A" basketball to St. Mike's in the form of the SMC Giants, which I still insist on calling the "funnest team on campus" contrary to Paul Newland's opinion.

Everyone enjoyed the volleyball season, especially the "B" SMC Destroyers and the "C" SMC Iguanas. Both teams advanced to the playoffs. The Destroyers were eliminated in the semi-finals and the Iguanas went to the championships only to be defeated after a strong fight. The "A" team, the SMC Amazons, were not so lucky but with a squad comprised mostly of first years, they are sure to meet with success in the future.

Hockey was also a fun component of the season. Although the "A" team, the SMC Shooters, were defaulted from the league, the Killer B's and the B-Attitudes took up the slack, proving that women CAN play hockey and have a hoot doing it.

And finally those little known, the usually little attended tournaments proved to be a great success. St. Mike's made a strong statement in badminton and tennis. They surprised everyone at the ski meet by winning by the women's novice division, and once again the broomball tournament was a howl but was disappointing as we were unfairly defaulted from the playoffs.

In closing, it is evident that this women's intramural season was different. It was intense and competitive but we never lost our sense of humour which is an essential tactic in these sports. The purpose of the program is participation and enjoyment for all, and this year the women of St. Mike's exemplified this idea on the courts, fields and on the ice where they played.

Many thanks to the coaches and players of all the teams, the Alumni Association, and also to Linda LaRose for the help she gave me by attending meetings and dealing with the Department. Thanks must go to Micheline White, Sports Editor for 'the mike', for her for her excellent coverage of women's sports over the year - the games and tournaments would not have been as well attended without your help.

Good lunch next year to all teams and also to the '88/'89 Athletic Directors.

Sincerely,

Noreen McDermott
Women's Athletic Director

smc giants

Front Row: Judy Fowler, Nicole Naumoff, Jenny Forbes, Michelle Cullen. *Second Row:* Marie Daly, Noreen McDermott, Julie Kantor, Pam Plant. *Missing:* Louise Cusimano, Bill Flaherty (coach), Chris Hughes, Kristin Marshall, Baird Robinson (coach), Danielle Willard.

Dysan 3½" Micro Diskettes

Industry standard 3½" Micro Diskettes engineered with the Dysan Standard of Quality.

A pocketful of miracles. Even though a Micro Diskette fits in your pocket, Dysan packs in a full half megabyte of data storage – as much as a 96 TPI 5¼" diskette – without giving up one bit of performance and reliability.

This new generation Micro Diskette is compatible with the Apple® Macintosh,™ Hewlett-Packard HP-150 and other personal computer systems.

Each one is tested. Dysan 3½" Micro Diskettes are certified 100% error free. So every Dysan diskette you use will record and retain all your data all the time, for as long as you own the diskette and treat it right. That's our Lifetime Warranty to you.

Your data is protected by a rigid plastic case which does not bend, fold or crease. Potentially damaging dust and fingerprints are sealed out by a "shutter door" that automatically covers the magnetic media when not in use. And a write/protect switch prevents accidental erasure but allows new data to be recorded when you wish.

The Dysan Difference. Like all Dysan products, the Micro Diskette is produced with exclusive manufacturing processes and equipment, delivering the highest quality data storage products that tomorrow's technology can produce.

Choose Dysan. The difference is... The Quality.

Dysan

Somebody has to be better than everybody else.
